

VIN MOUSSEUX *PÉTILLE DE ROSE*

FAMILLE **PETITJEAN**

The Petitjean family was born out of an association of wine enthusiasts, of course, but also of 'discovery' in the broadest sense of the word. Drawing on our encounters in the vineyards along the Mediterranean coast, we have selected elegant wines with personality to accompany a wide range of occasions: from a convivial aperitif with friends to a gourmet meal.

VARIETIES

100% Syrah

TERROIR

Sheltered from the Mistral wind by Mont Ventoux, the vineyards flourish in a natural site classified as a Biosphere Reserve by UNESCO. The siliceous clay terroir to the south of the estate is ideal for making our rosé wines.

VINIFICATION

A strict selection of our finest Syrah grapes from the cool terroir of Crillon le Brave. This rosé is obtained by direct pressing to preserve all its finesse and its very pale pink colour with salmon tints. The delicate effervescence is characteristic of the 'ancestral' method, using only the natural sugar in the grapes.

TASTING

Fine bubbles, a very discreet bead followed by aromas of tangerine, yellow lemon and elderflower. Delicate, discreet effervescence on the palate, accompanied by notes of flint and white flowers. A gourmet finish with notes of strawberry/lemon sorbet.

Pairings

Aperitifs and late evenings!
